

Work Report Till March 31 2019

Our Hand For Help Charitable
Foundation Society

Founders statement

CHANDRA PRAKASH MEENA

Founder and president of **OUR HAND FOR HELP CHARITABLE FOUNDATION**

HELLO EVERYONE,

I hope you are the happiest person in the world and I wish to God for the prosperity of you and your loved one's, however not many people are this fortunate, thus this NGO is a means of not only helping those unfortunate, but also getting together a group of like minded people interested in doing work at the ground level. As far as helping people is concerned, the more the merrier!

For any dream to become a reality the support of ones family is vital. The support of my Father **Shri. OM PRAKASH MEENA**, my Mother **Smt. MAMTA DEVI** was the driving force that helped me in realizing this 'personal legend' of mine. Friends, no different from family, are the pillars of my strength.

The thought of doing something that actually mattered has been with me since long but I did not have the courage or the conviction to actually do

something about it. I kept making convenient excuses for not doing anything until an experience altered the state of things. This incident was a trigger, and it set the dominoes falling. I discussed the state of affairs with my friends **RAVI SAINI, MAHESH GHOSLIYA** and after putting together a set of agendas we planted the seed of what we are today. In our initial days, despite knowing the destination, we did not know which road to take. Our initial fundraising was from our own pocket-money. However, it soon became clear to us that our small steps were not enough to make our dream a success. However as we spread out with the idea, more hands joined the deck. Among the most valuable provided was from **VIKASH CHOUDHARY, AMIT MEENA, HEMANT SHARMA, RAKESH NITHARWAL** and **SUNIL MEENA**.

Finally, after the painstaking days of endless preparation, on the 1st of October 2017, we had enough capital to launch our activities. Our first activity was on 20 October, 2017, after which we have had no shortage of donations, both in cash and kind.

To sum up, I would like to thank everyone who helped the team achieve it's cause. Only a few words of encouragement from the group helped me move past the countless taunts of discouragement. Our group has provided me with strength during the most difficult of times. From the 10 people who were a part of the first activity, we today are growing by leaps and bound. I would again like to thank the group for helping me do something that actually matters.

एक साथ एक सुनहरे पल की ओर

Yours faithfully

(CHANDRA PRAKASH)

एक साथ एक सुनहरे पल की ओर

➤ *OUR FIRST PROGRAM AND FIRST HOPE AT MANNA CHILD HOME :-*

Children described as the gifts of GOD given to this world and are the future of the nation. But in India many children have a very vulnerable life due to many reasons. Today, child labour and child trafficking is a major problem in this world due to the negligence towards them. Orphans – the word which embarks sympathy in every other person but few are the people who are willing to really help them. Many of NGOs have been formed up for this cause and one of them is the Manna Child Home situated in the Pink City of India , 200 ft Bypass.

On 20th October 2017 , the Our Hand for Help foundation was all ready to start their naive work and organised a charity in Manna Child Home . All the members visited the orphanage home and sat down with them and had fun with the children.

We distributed essential day to day needs like clothing and food materials. The clothing included – 50 pieces of sweater , food material as biscuits, sweets, etc to a total around 50 orphan children living there. The children were also encouraged by singing and dancing to increase their morale.

A small step of ours might have improved the life of the children as we saw during the consecutive follow ups. Spreading humanity is the major goal of this foundation and this is just a small step about it

➤ **Mother Teresa Old Age Home for a Smile(03/03/2018) :-**

Elderly age group is one of the most vulnerable part of our society. Irrespective of the financial, health and work conditions, all elderly people face troubles which include both physical and mental. Though the physical troubles may be postponed with the help of some medications and exercise, as these are physiological these can't be altered much. But mental troubles can be prevented if these people get the optimum amount of support from the society and it not only improves the life qualitatively but also quantitatively. In this selfish world, once one can't seek any profit from an individual they just take it as a burden and leave the elderly all alone despite of their important contributions.

Mother Teresa Old Age Home a philanthropic organisation situated in the busy streets of Pratap Nagar, Jaipur. Our Hand for Help Charitable Foundation visited the home on 3rd March 2018 and spent some valuable time with them and donated some goods as clothings which included 160 T-shirts, 30 pieces of lowers, food stuff as fruits, raw materials. By this we could help around 160 elderly and needy people. We also had a short period of fun time with the people there where they were allowed to express themselves.

With a such a small effort of ours to improve the lives it was overwhelming to look at their response and this motivated us even further to do more work of this type. It's like the empty vessels of their lives were filled once again with the same amount of happiness and care which they once had.

➤ **Kerala Flood 2018 :-**

Kerala one of the most decorated states of South India on August 2018, went through a period no one could have imagined. Floods though familiar with the residents of Kerala , no one expected such a disastrous event. The floods destroyed the state, affecting 13 out of 14 districts. It didn't only caused deaths but also caused mental disturbances in those who survived. It also lead to a sharp drop in the economy of the state of which it could not recovered even yet after 1 year. We though couldn't contribute much to the loss, gave our best and raised some funds from our team and donated it for the affected ones.

➤ **Food And Cloth Donation (09/11/2018):-**

On 9th November 2018 , Our Hand for Help Foundation visited various NGOs – Manna Child Home, Mother Teresa Old Age Home , etc. There we spent some quality time with the needy people residing there and also donated some essential day to day goods. Our contributions included around 400 t-shirts and lowers, food items, fruits.

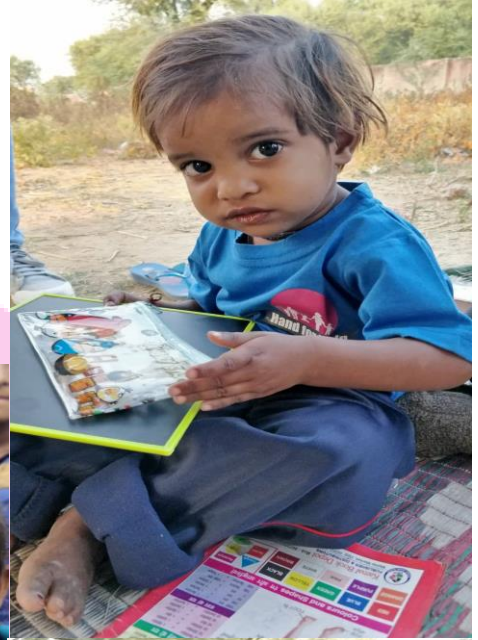

We also donated some study materials for the youth which includes notebooks, pens, pencils and also briefed the students of the importance of education.

➤ Our New step And new dream for slum area:-

In India, slums are densely populated residential areas with very few amenities. This has a direct impact on childhood and growth of the children living in these slums.

Most of the time, their families are not aware about schemes related to education and even if they are aware, they cannot avail the benefits due to many restrictions and reasons. The main reason is poverty.

OUR HAND FOR HELP CHARITABLE FOUNDATION is dedicated to the welfare and education of children living in impoverished condition. The first goal was to remove the negligence towards education and spread awareness to the families living in these slums.

On 23rd November 2018, our foundation distributed study material (notebooks, pens, pencils, erasers, sharpners, etc) to about 50 children after the awareness drive.
